I hereby agree to the Conditions Applicable to the grid replacement program as detailed on the attached and will submit tax invoices detailing the work undertaken as well as a statement detailing the number of persons involved in undertaking the work.

Applicant Signature: \_\_\_\_\_ Date \_\_\_/\_\_\_/\_\_\_

## **Conditions Applicable Grid Replacement Program**

Council will assess the application based on road safety requirements and will assist landowners with identifying appropriate contractors where they are unable to undertake the work themselves, using on farm labour.

In specific Terms Council will meet the following costs from the Drought Communities Program:

**a. For Replacement Grids :**

The grids that have been purchased by Council will be offered to landowners free of charge. The landowner is required to meet the initial cost of installing the grid, in accordance with Council specifications, with the Council reimbursing the reasonable cost of this work, estimated to be in the order of \$3,000, from the grant, following installation.

**b. Where the Grid are to be removed and roads fenced;**

The landowner is responsible for the removal of the grid and restoration of the road surface. The landowner is also responsible for any fencing required to be undertaken. All work must be undertaken in accordance with Council requirements including width of fencing, road materials and compaction etc. The salvaged grid, if reusable, is to be delivered to the Council depot for reuse as applicable. Council will reimburse the reasonable cost of this work from the grant, up to a maximum contribution of \$8,000 per grid.

**c. Where repairs are required:**

Council will identify work required and either engage a contractor or reimburse the reasonable cost to the landowner up to a maximum of \$2,000.

**d. Double Grids;**

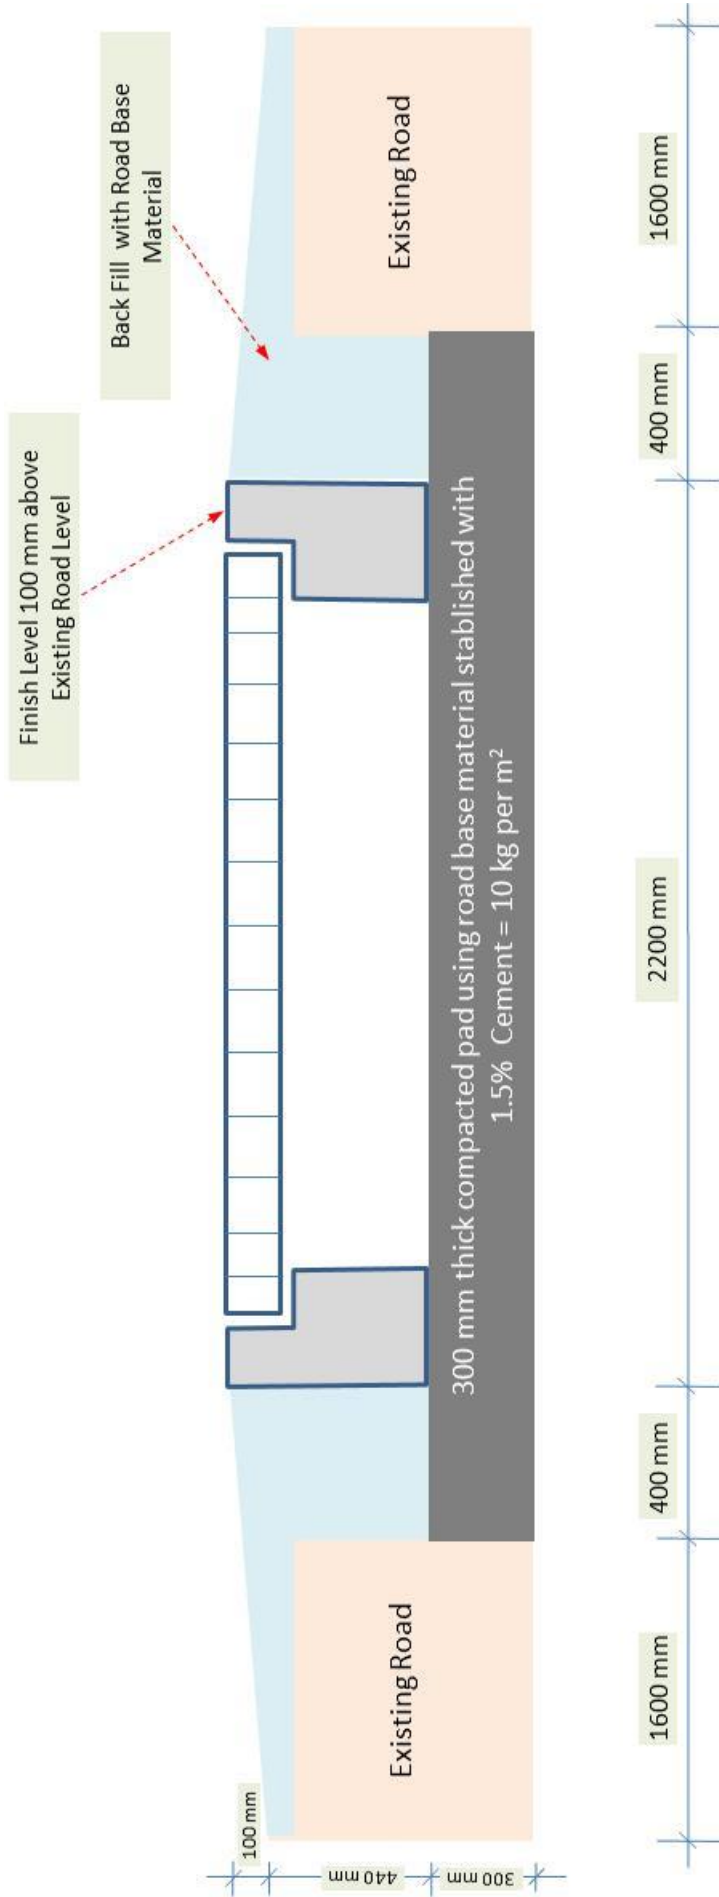

Where the grid to be replaced is a double grid then the contributions are also doubled.

**e. Other incidental works:**

The General Manager has authority to negotiate arrangements or variations for other work that may be incidental to the grid replacement program on a case by case basis.

**Written Acceptance:**

Before Commencing works council will require written acceptance of the terms and conditions of the program..
