1	1				1				1			
2	1			Put Roof over more car truck parking.	1			Include Donkeys etc.	1			Upgrade airport for cargo planes, Makeover town street, fill up shops rent free do anything to get people to spend think big make it happen
3		1		Local Aboriginal People will not unite to support project	1			When will license be issued	1			Only viable location Charlton Road Redhill
4	1				1				1			Before Shire gave permission for good they were promised local employment and support of local business
5	1				1			I do not think this would be a success as no staff to employ and no market for roo meat	1			I would support this if it was used to fund smart ideas only that totally benefit people living here e.g. rate relief for home owners, property owners, not absentee land owners. This would encourage home ownership and people.
6	1				1				1			Purchase property above the weir (old orchard) for caravan park, sell current site as residential. Small jetty under old bridge for Kayaks etc., Fix the fisheries as it does not seem other parties are able to do this. Restoration of any historical buildings that remain standing and increased funding for the arts and heritage.
7	1				1				1			
8	1				1				1			
9	1			Might have safety problems but a good idea	1			The last one operated for 20 years and failed from lack of workers and drop in supply. Contact previous owners for input	1			Landscape and beautify bank on river at levee and at bridge road
10	1				1				1			A large group of people in Brewarrina have nothing . They don't want anyone else to have projects to improve the community . Please don't let these people get there way.
11	1			It would be very good to have	1			Bring abattoir back to life as there is to many roos	1			It Has to be stored somewhere
12	1			Make great tourist attraction as well as great for Barwon Four folks.	1				1			
13	1				1				1			Go for it must be all good for the town. I feel Council is doing a great job so far for the town.
14	1			I am not sure it is a good idea.	1			May stink out town in current place may need to think location.	1			As I think most people are thinking nuclear will be radioactive we will be green it needs to be explained better that this is a extremely low level and that it is as risky as a microwave in your home.
15	1			Great for the town	1			Definitely	1			More information needs to be given to the community.
16	1				1				1			I can't see a problem with it
17	1				1				1			Brewarrina needs a decent gym.
18	1				1				1			New Gym.
19	1				1				1			
20	1				1				1			New Gym in town
21	1				1				1			
22	1				1				1			
23	1				1				1			I would like to see the fisheries clean up weeds to reveal the formation of the rocks.
24	1				1				1			Please lets try and get something going to clean out the reeds and the fish traps. Our biggest tourist attraction is in tatters please lets get something on board for the new year or our fish traps will disappear forever and it will be our fault.
25	1				1				1			
26	1				1			Need to happen to use wasted resource and create jobs.	1			Great idea you have my full support.
27	1				1				1			
28	1			Only if weeds get cleared away first	1				1			All excellent initiatives & very much needed. I will be impressed if any one of these gets up and running. I am more inclined to lean towards the abattoir or the waste facility in order to create jobs.
29	1			Supplies must be sourced as much as possible locally.	1			Supplies must be sourced as much as possible locally.	1			
30	1			Clean the weir	1			Employ Locals.	1			I will leave town if this happens
31	1			The fish traps are sacred sites, leave them alone. Clean the weir before trying to do something else.	1			It up and running again the abattoirs will provide more locals with a job therefore there will be more income within the town . Employ locals and the town will thrive once more.	1			Council and other community based organisations need to start employing & training locals. Have more employment opportunities . Work with the schools run school based traineeships.
32	1				1			Will need funds for a new facility	1			Purchase the right expertise to market our national environmental showcase Brewarrina Fish traps. This site should be nominated for world heritage listing and marketed appropriately. The tourists will come.
33	1			Just thinking that the suspension bridge might be a bit daunting for the grey nomads. Perhaps an arched bridge would be better sight but only comment not criticism.	1			The works itself would need significant upgrade. I would think so some numbers on that would be useful.	1			The Goodooga road project is a number 1 priority as is a safe & scenic caravan park with river views, safe clean toilets & a shady greener main street would be great. What about a horticultural project that uses hydroponics. I.e. sundrop project in port Augustus uses solar power to desalinate & grow 20,000t of tomatoes a year & employs 200 people.
34	1			It is likely to be opposed by the Aboriginal Elders.	1			Its flogging a dead horse I feel.	1			We have all used services that involve this sort of waste- NRI's CT Scans & Dental X-rays and radiation chemotherapy is common to many Brewarrina people. Id had to go somewhere & if it is managed by properly trained staff then the town would benefit from it with extra businesses to service those people needs. Road maintenance might
35	1				1				1			Security cameras in main street and licensed premises, refuge bank etc. Lobby bank to put security gate at atm to stop vandalism. Credit card to open gate etc. Government assistance to get a bakery in town market gardens etc. Solar Farm on Land behind racecourse
36	1				1				1			
37	1			But it needs to be cleaned up so as you can see the fish traps.	1			Yes it needs to be opened as it would help employment in the town . Needs to be done soon to stop the town from dying.	1			This would be another project to get going as we have the space out there to build this waste facility and it would cause no danger to anyone.
38	1			Fantastic idea great for the community	1			Fantastic idea great for the community	1			I have been in Brewarrina for 40 years and have a lot of feeling for the town . I believe that something should be done to create employment in the town before it comes a total ghost town . It would be a pity if that would happen Brewarrina is a great little town and we all need to save it.
39	1			Fantastic idea great for the community	1			Fantastic idea great for the community	1			Not keen on this project
40	1				1				1			Not keen on this project

	116	21	11		127	12	12		85	48	21			
47	1			No benefit for the ratepayers . Insurance worries. There is no long term benefit in suspension bridge who will pay of the upkeep insurance The ratepayer ?	1				1					
48		1							1			As long it is not on agricultural land	Blueberry farm - St George has one for employment. Seaweed Powder Employment and other side benefit.	
49	1								1					
50	1								1					
51			1	More information please	1					1			Great to see this kind of community engagement	
52	1				1				1					
53	1				1				1					
54	1				1				1			Hold a presentation about risks.		
55	1			Location is critical	1				1			Nuclear		
56	1				1				1					
57	1				1					1			Thanks to the Shire Council for giving the opportunity to all to know of the future proposals for Brewarrina's growth and employment opportunities well done to all .	
58	1				1					1				
59	1			It would bring about pride & Ownership for the community and should involve local employment.	1			Most certainly to bring employment, pride, cultural diversity and self esteem to the community. Brings back self determination of the community.	1			Definitely not it would be against cultural appropriateness		
60	1					1				1				
61	1				1					1		We don't want a nuclear dumping ground near Brewarrina.		
62	1			More consultation with all the community	1			Plus accommodation etc.	1		1	Unsure	I would like proposals emails to me. (DONE)	
63	1			It will benefit Brewarrina	1			It will benefit Brewarrina	1		1	It will benefit Brewarrina.		
64	1				1					1		It's a shame Council neglected to investigate a proposal around heritage of the township to avoid further destruction of our few remaining historical buildings.		
65	1				1					1				
66	1				1					1			All great ideas for community.	
67	1			Great Idea	1			Even Better Idea	1			The best idea	Brewarrina as a township needs more jobs for growth all awesome ideas. Looking forward for the future of the town hope everyone gets on board.	
68	1				1				1			Location?		
69	1				1			Any Sort of Abattoir	1					
70	1				1				1					
71	1					1				1			What location is being considered?	
72	1				1					1				
73	1			Improve Brewarrina	1			Improve Brewarrina	1			Improve Brewarrina		
74	1				1					1				
75	1				1					1				
76	1				1					1			Great improvement & opportunity for Brewarrina	
77	1			However need to ensure a consultative process with all stakeholder groups	1					1		Let footprint be linked to our natural resources. Presents s symbolic metaphor as a dumping ground.	Signage in our LGA identifying Ngemba country at the approaches to Brewarrina.	
78	1				1					1				
79	1				1					1			There is a shortage of housing in Brewarrina that needs to be addressed if the town is to grow.	
80	1				1					1				
81	1				1			Good Job Opportunities	1			Long term employment good financial prospects.		
82	1				1				1					
83	1				1				1					
84	1				1				1					
85	1				1				1					
86	1				1				1					
87	1				1				1					
88	1				1			It would be of great for the community.	1				A playground for children build on open land with all various activities including BBQ's for families to have a picnic etc. A safe place for all.	
89	1				1				1					
90	1				1			I think many community members will benefit from this project.	1					
91	1			Go Ahead	1			Go Ahead	1			God Ahead.		
92	1				1				1			These projects have potential to inject valuable employment money and interest into this struggling community.		
93	1			Great	1			Great	1			This would be great for Brewarrina.	Special thanks to everyone for taking Bre forward.	
94	1				1				1					
95	1				1				1					
96	1				1				1					
97	1				1				1					
98	1				1				1					
99	1			It would be great if we could get the weeds out.	1				1			This is once and a lifetime for Bre.		
100	1				1				1					
101	1				1				1			Hope the community back the idea		
102	1				1				1					
103	1				1				1					
104	1			Great idea and need clean-up	1			Great let it happen.	1				It was good Council held this meeting to inform people well done.	
105	1				1				1					
106	1			Would rather have fish traps restored and weeds cleared.	1				1			Please put word nuclear medical waste on any further survey forms	Town Businesses need to u their game to encourage people to spend money here. Main street need overhaul empty sections rubbish and cracked footpaths.	
107	1				1				1					
108	1			More consultation with aboriginal community	1				1					
109	1				1				1					
110	1				1				1					
111	1				1				1					
112	1				1				1					
113	1			Investment in business case & Community consultation.	1			Markets ?	1				Was great to see a community meeting updating community on progress of projects and request feedback on proposed direction for our futures. Encourage the leadership demonstrated today we need to build better relationships with our aboriginal community in particular. Its a long road without a bend in it . But it is worth travelling to a great destination.	
114	1			Rehabilitation works to river & traps would need to be a priority.	1			Business case supporting establishment of new facility including likelihood of employing locals.	1			Proposed community improvement options: long terms plan for establishment relocation of intermediate waste.		
115	1				1				1					
116	1			Definitely more consultation	1			Overdue this is a positive step employment	1			Definitely No	I do highly commend the Bre Shire Councillors on this community meeting and staff fro informing the community on proposals and projects . Excellent!
