EXECUTIVE SUMMARY:

Brewarrina Child Care Centre has applied for a one off grant to enable the replacement of the soft fall area under the children's playground equipment. This area has been inspected by the licensing committee and found to be non-compliant.

Items which are deemed to be non-compliant and for which no action is taken can result in the council facing a fine of up to \$22,000.

DEEWR has approved a one off grant application and we are now able to replace the soft fall at the front of the centre.

DEEWR has requested signing and early return of the funding application to ensure the grant application can be processed promptly. The grant has been signed and returned.

FINANCIAL IMPLICATIONS:

- Child Care Budget to be amended to include \$5000 (excl GST)

LEGAL IMPLICATIONS:

- Installation of soft fall will comply with the licensing committee requirements and the centre will be legally compliant.

RECOMMENDATION:

That:

1. Council confirms the acceptance the one off grant of \$5000 from DEEWR and the child care budget to be amended.
