

## **Brewarrina Shire Council Development application**

Brewarrina Shire Council is in receipt of a Development Application for a Gravel Quarry (Extractive Industry)

**Property Address:** Known as “Mungalby Quarry” – Access via Fingerpost Road

**Legal Description** Lot 6277 DP 769135

### **Brief description of Proposal**

Historically this site has been used as a source of gravel and road base material for some years.

The current area already excavated is estimated at 2.279 Ha and most suitable material has been removed. The proposal is to expand on the Southern and Eastern sides of the existing quarry where similar materials have been identified. These sources are important in terms of Road and development costs in the area but the proposal will be reviewed on merits. Maximum production is expected to be 15,000 CM per year and would be expected to generate an average (over time) of 12 full vehicle movements per week.

**The Application will be available for inspection at Council Chambers in Brewarrina from 9am to 4pm 7<sup>th</sup> March 2022 until the 24<sup>th</sup> March.**

Any submissions or comments must be made and received by the 25<sup>th</sup> March 2022 to [chb@brewarrina.nsw.gov.au](mailto:chb@brewarrina.nsw.gov.au) or telephone enquiries can be through Council's Consultant Planner on 0427 392 107.
